MIDWAY DAIRY

32845 South Hwy 101 Cloverdale, OR

135 Holstein (Milking + Dry)
40 Jersey (Milking + Dry)
88 Holstein (Replacement Heifers)
25 Jersey (Replacement Heifers)

Herd Production Averages:

- 70# of Milk
- 3.2 Protein
- 4.0 Butter Fat
- 80,000 SCC

Midway Dairy has been built on generations of careful genetic selection, focusing on *fertility, proven milk production, disease resistance, structural soundness, breeding ease, and reliable performance across lactations*. The herd features **elite sires**—including *Mission, Dynasty, Major, Eye Candy, Supreme*, and others—from dams that are consistently rated VG or EX for type and productivity.

We will be selling 13 of Midway Dairy's top registered Holstein cows, each offered individually. Registration papers will be available for transfer to buyers. This dispersal presents a unique opportunity for dairy producers to incorporate *high-quality, production-driven genetics* into their operations.

**Bulk Tank Sample
All Herds Myco &
Staph Free**
